It is so easy to overlook the amount of equipment that is needed to effectively respond to an oil spill incident.

Vikokits have been expertly constructed to meet a wide range of spill applications, giving you a one stop shop for oil spill response consumables.

All of our Vikokits have been designed to pack into storage containers which are small enough to be loaded and transported by a 4 x 4.

This Vikokit contains a wide range of products that meet the requirements for the collection and analysis of SCAT survey data.
